

Strategy 300 Global Leaders 2027

I am delighted to welcome you to the 2027 edition of IAM Strategy 300 Global Leaders.

Since its inception the IAM Strategy 300 has showcased the top experts in the IP world. It is the only resource of its kind, acknowledging leaders from across in-house, private practice and service provider roles. A slot in the 300 is the mark of a professional whose approach to intellectual property is regarded by peers as truly strategic in nature.

This year we have once again invited these top IP strategists to tell IAM readers more about their careers in intellectual property, top lessons learned along the way and their views on the current state of the market.

IAM Strategy 300 Global Leaders draws from the worlds of private practice, consulting and other service providers, with specialists from the major IP markets in North America, Europe and Asia. Together, these individuals and firms possess a wealth of expertise across disciplines and sectors.

We are proud of the way that we have been able to recognise the contributions of such a diverse array of IP luminaries through the IAM Strategy 300 over the years. I would like to thank all of the Global Leaders for sharing their insights with our readership.
